**PRIMARY EXAMINER**

The following is an examiner's statement of reasons for allowance: Applicant's argument that a particular feature or function of a surfactant is not an inherent feature in all applications (e.g., liquid-to-liquid interfaces versus a solid-to-liquid interface) is found persuasive. Furthermore, the art of record Hummerich et al and Reck et al do not concern the instant surface tension properties, and thus an addition of an additional surfactant in forming a fiberglass insulation binder composition would not be expected.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tae H. Yoon whose telephone number is (571) 272-1128. The examiner can normally be reached on Mon-Thu.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Vasu Jagannathan can be reached on (571) 272-1119. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
